

Sunday
Sermon

Let Earth Receive Her King

Matthew 2:1-12

Pastor Darrell Nelson

Our condolences to the Zosel family on the loss of Eve Zosel.
The service will be here at Mission Covenant Church
on Friday, December 27, 2024 at 11:00 a.m.

Christmas Eve Love Offering, each year we choose to support a missions project as part of our worship during the Christmas season. This year we will partner with Evens Paul, a Covenant Missionary from Haiti that we have supported financially for a few years. Evens has been to our church and many of us are friends with him. God has used Evens to plant two churches, build a community through a clinic, school, developing trade, farmlands, and touching people. His work is not yet complete. He still needs to build a dorm for the school that will house 150 teachers and students. And he feels God is leading him to plant a church in Bahoncy. When we asked Evens what he felt was the priority - the dorm or the church plant, he had a quick response - the church plant. This year, we will partner with Evens and the people of Haiti to plant this church. The need for this plant is \$40,000, which is well above what we normally see in a Christmas Love Offering. We ask that you pray about your part of this project. As a body, let's see what God gives.
